HUEBSCH®: YOUR SMART LAUNDRY PARTNER

Success in the laundromat business is determined long before the “Open” sign is switched on. That’s why it’s paramount to work with an experienced partner. With more than 100 years in the laundry business and a distribution network ranked at the top of the industry, Huebsch® truly is your smart laundry partner, guiding you every step of the way.

GALAXY™ 600: THE PINNACLE OF CONVENIENCE AND CONTROL

Your laundry is selling convenience and a high-quality wash. With Huebsch Galaxy™ 600 controls, your laundromat gives customers a user-friendly platform and the flexibility to tailor washes the way they like. Best of all, that flexibility brings additional revenue-generating opportunities. Galaxy 600 benefits include:

- 200 G-Force final extract to reduce drying times, lower utility bills and increase customer satisfaction
- 24 Cycle combinations for customers to choose from
- Time-of-day pricing to help manage peak-period business and attract new customers
- Multi-level vend and cycle modifiers to increase revenue
- Huebsch Command™ compatible for remote management ease

DISCOVER SMART, REVOLUTIONARY, EFFICIENT TECHNOLOGY

Uses 33% Less Electricity & 17% Less Water than Two-Speed Models

Our advanced inverter drive technology and improved cylinder and sump system design optimize water use, while reducing non-wash water below the cylinder.

High-Speed Extraction Reduces Drying Time

Our improved technology spins up to 200 G-Force, removing more water. This means shorter dry times and lower energy bills.

Advanced Leak Detection Eliminates Wasted Water

Patented Water Guardian™ leak detection uncovers leaks in both the drain and fill valves, eliminating wasted water—and resources.

BACKED BY OUR 10-YEAR LIMITED WARRANTY

Our Galaxy 600 washer-extractors are manufactured at our Ripon, Wisconsin headquarters. We offer an industry-leading, transferable warranty on every product:

- Frame
- Outer Tub
- Cylinder
- Shaft
- Seals and Bearings
- Bearing Housing

*Overall depth includes vacuum breaker to door handle.

** Circuit breaker and amp draw data shown are for models without electric heat. Consult factory for other configurations. Manufacturer strongly recommends using a circuit breaker instead of fuses. Use 3-pole circuit breakers for 3-phase machines.

***Agency approvals may vary depending on configuration. Steam connection requires ½" N.P.T.

For the most accurate information, the installation guide should be used for all design and construction purposes. Vended Stack Washer-Dryer

At Huebsch®, our priority is making commercial laundry equipment that's perfectly aligned with your business philosophy. In other words, because you believe that profit is the inevitable result of superior efficiency, durability, simplicity and service, that's exactly what we deliver.

CUTTING-EDGE BALANCE SENSING SYSTEM

An updated suspension and new sensing technologies combine to redistribute loads and maintain cycle times—resulting in reduced utility costs, shorter wait times and increased turns through your store.

FAST DRYING TIMES

Huebsch dryers offer a 7.0 cu. ft. cylinder with an 18 lb capacity offers ample space for large loads to tumble and product fast drying times, while lowering utility consumption.

UNMATCHED DURABILITY

Built with premium materials and tested to meet the demands of the harshest environments, these commercial-grade machines deliver reliable, efficient operation load after load—and they're backed up by Huebsch's standard three-year warranty.

INCREDIBLE 440 G-FORCE

Increased spin speed maximizes moisture removal and reduces drying times, getting customers in and out of your store faster—and ensuring they leave satisfied.

SPACE SAVINGS

A stack washer-dryer gives your vended laundry all the benefits of two stand-alone washers and dryers in a space of one machine. The stack utilizes all the same connections as a standard washer and dryer, so there are no special hookups required.

MICRO-DISPLAY CONTROL II

The Micro-Display Control II features a time-remaining countdown, coin countdown and cycle status lights.

Vended Top Load Washer with Galaxy™

At Huebsch®, our priority is making commercial laundry equipment that's perfectly aligned with your business philosophy. In other words, because you believe that profit is the inevitable result of superior efficiency, durability, simplicity and service, that's exactly what we deliver.

LOW WATER USE

Huebsch top load washers offer owners ultra-efficient cycle selections which average just 28 gallons of water consumption per cycle.

HIGH SPIN SPEED

With an industry-best final spin of 710 RPM, Huebsch top load washers remove more water from loads than many competing models. The end result is reduced drying times for customers and lower utility consumption for store owners.

HEAVY-DUTY POWER

Our top load washer is powered by a heavy-duty 1/2 horsepower motor. The washer performance is further fortified by an automatic balance system, which ensures cycles aren't interrupted by unbalanced loads.

UNMATCHED DURABILITY

Built with premium materials and tested to meet the demands of the harshest environments, these commercial-grade machines deliver reliable, efficient operation load after load—and they're backed up by Huebsch's standard three-year warranty.

NETWORK TECHNOLOGY

Huebsch top load washers with Galaxy™ 600 controls are now equipped with network-ready capabilities and network board installations.

GALAXY™ 600 CONTROLS

Integrating Galaxy 600 controls allows for intuitive operation and simple programming throughout your store with revenue-boosting options. Better yet, it means your vended top load washer is Huebsch Command™ compatible.

HUEBSCH COMMAND™

LAUNDROMAT DATA AND ANALYTICS THAT ARE CUSTOM-MADE FOR THE WAY YOU OPERATE

The Galaxy™ 600 Top Load Washer is Huebsch Command™ compatible. That means you get all features of the Galaxy control—but now you can use them remotely, from anywhere in the world with an internet connection. Huebsch Command also offers a convenient mobile app that not only delivers more flexible payment options, but also a Huebsch Rewards program to inspire greater customer loyalty to your store.

Vended Front Load Washer with Galaxy 600™

At Huebsch, our priority is making commercial laundry equipment that's perfectly aligned with your business philosophy. In other words, because you believe that profit is the inevitable result of superior efficiency, durability, simplicity and service, that's exactly what we deliver.

CUTTING-EDGE BALANCE SENSING SYSTEM

An updated suspension and new sensing technologies combine to redistribute loads and maintain cycle times—resulting in reduced utility costs, shorter wait times and increased turns through your store.

10-DEGREE TILTED CONTROL PANEL

Improved control visibility and ease-of-use make for an ideal user experience.

INNER & OUTER STAINLESS-STEEL TUBS

Built to be virtually indestructible.

INCREDIBLE 440 G-FORCE

Increased spin speed maximizes moisture removal and reduces drying times, getting customers in and out of your store faster—and ensuring they leave satisfied.

UNMATCHED DURABILITY

Built with premium materials and tested to meet the demands of the harshest environments, these commercial-grade machines deliver reliable, efficient operation load after load—and they're backed up by Huebsch's standard three-year warranty.

20% LARGER CAPACITY

Increased capacity means bigger loads, which allow for higher vend pricing. In addition, improved water and energy efficiencies lower utility bills and keep more money in your pocket.

GALAXY™ 600 CONTROLS

Integrating Galaxy 600 controls allows for intuitive operation and simple programming throughout your store with revenue-boosting options. Better yet, it means your Vended Front Load Washer is Huebsch Command-compatible.

HUEBSCH COMMAND™

LAUNDROMAT DATA AND ANALYTICS THAT ARE CUSTOM-MADE FOR THE WAY YOU OPERATE

INVEST IN ADVANTAGE WITH SUPERIOR ENGINEERING

Optimum Efficiency

Huesbch tumble dryers have been engineered to provide the fastest, most efficient drying cycles in the industry. Faster drying means less time spent at the laundromat and increased customer satisfaction, loyalty and store profits.

Damage-Resistant

Our patented, oblong cylinder perforations enable drywall screws forgotten in pockets to pass harmlessly through machines without damaging the tumblers' sweep sheets or a user's clothing.

Sleek Design

Streamlined and fastenerless fronts along with chrome doors and ergonomic handles give your machines a clean, professional look. Design upgrades ensure your customers know they are using top-quality equipment.

BACKED BY OUR 5-YEAR LIMITED WARRANTY

Built with premium materials and tested to meet the demands of the harshest environments, these commercial-grade machines deliver reliable, efficient operation—and they're backed by Huesbch's standard three-year warranty.

Tumble dryer models are made to suit a variety of electrical service characteristics. See your Huebsch distributor for specifications. For further details on installation, refer to Installation, Operation and Maintenance instructions supplied with the tumble dryer. USA and Canada models are certified by CSA International.

For the most accurate information, the installation guide should be used for all design and construction purposes. Due to continuous product improvements, design and specifications subject to change without notice. The quality management systems of Alliance Laundry Systems are registered to ISO 9001.

Vended Single Dryer

At Huebsch®, our priority is making commercial laundry equipment that's perfectly aligned with your business philosophy. In other words, because you believe that profit is the inevitable result of superior efficiency, durability, simplicity and service, that's exactly what we deliver.

FAST DRYING TIMES

Huebsch dryers offer a 7.0 cu. ft. cylinder with an 18 lb capacity offers ample space for large loads to tumble and product fast drying times, while lowering utility consumption.

LARGE, REVERSIBLE DOORS

Our dryers boast the industry's largest door opening at 2.06 sq. ft. Dryer doors also are reversible, making it easy to customize your laundry for your customers' convenience.

SOLID BASE

Huebsch dryers are built on sturdy steel bases to ensure years of worry-free performance.

UNMATCHED DURABILITY

Built with premium materials and tested to meet the demands of the harshest environments, these commercial-grade machines deliver reliable, efficient operation load after load—and they're backed up by Huebsch's standard three-year warranty.

MICRO-DISPLAY CONTROL II

The Micro-Display Control II features a time-remaining countdown, coin countdown and cycle status lights.

Vended Stack Dryer

At Huebsch®, our priority is making commercial laundry equipment that's perfectly aligned with your business philosophy. In other words, because you believe that profit is the inevitable result of superior efficiency, durability, simplicity and service, that's exactly what we deliver.

FAST DRYING TIMES

Huebsch dryers offer a 7.0 cu. ft. cylinder with an 18 lb capacity offers ample space for large loads to tumble and product fast drying times, while lowering utility consumption.

SOLID BASE

Huebsch dryers are built on sturdy steel bases to ensure years of worry-free performance.

SPACE SAVINGS

A stack dryer gives your vended laundry all the benefits of two stand-alone dryers in a space of one machine. The stack utilizes all the same connections as a standard dryer, so there are no special hookups required.

UNMATCHED DURABILITY

Built with premium materials and tested to meet the demands of the harshest environments, these commercial-grade machines deliver reliable, efficient operation load after load—and they're backed up by Huebsch's standard three-year warranty.

On-Premises **Front Control** **Stack Washer/Dryer**

Get the complete package in a single unit, combining our efficient dryers with the powerful performance of our industry-leading front load washers. Our line of stack washer/dryers are designed as vertical combinations that provide all of the power of Huebsch washers and dryers, while occupying only half of the floor space of a conventional washer and dryer setup. Plus, these stacked units allow you to use the same connections and hookups required as a standard washer and dryer, so you won't have to make changes to your installation.

Power

Our high spin speed up to 440 G-Force removes more water from clothes, speeding up drying cycles and lowering dryer energy usage.

Smart

Improved suspension with new out-of-balance logic manages and redistributes unbalanced loads for uninterrupted wash cycles.

Efficient

Water use is trimmed to 11.7 gal (44.3L) per cycle to reduce operating costs.

English keypad

Icon keypad

Electronic Control

The Electronic Control keeps users informed throughout the wash process with cycle-status lights and a digital cycle countdown. Users also have the flexibility to control temperature, load type and soil levels, as well as options for prewash and/or additional rinse to achieve high levels of efficiency. Automatic (moisture-sensing) cycles come standard to prevent over-drying of your linens.

On-Premises Rear Control Top Load Washer

As timeless as they are reliable, Huebsch top load washers are built from the ground up with heavy-duty components guaranteed to stand up to rigorous use. Compliant with U.S. and many international water and energy standards for commercial washers, your laundry will realize savings in water and energy costs.

Durable

The top load washer is designed for durability and ease of use with intuitive controls ready for the heavy-use on-premises laundry environment.

Quality

A commercial-quality, all-metal transmission offers the highest quality and durability, while an advanced suspension system helps manage unbalanced loads.

Flexibility

Multi-cycle controls provide flexible washing options to fit your laundry needs.

Electronic Control

The Electronic Control keeps users informed throughout the wash process with cycle-status lights and a digital cycle countdown. Users also have the flexibility to control temperature, load type and soil levels, as well as options for prewash and/or additional rinse to achieve high levels of efficiency.

E-Mech Control

The E-Mech Control features an intuitive design offering users simple water-temperature and fabric selections, while using cue lights to monitor progress through the wash cycle.

On-Premises Rear Control Front Load Washer

Our front load washers use as little as 13.68 gallons (51.8 liters) per cycle, saving 40 percent more than many commercial top load washers. Fast cycle times get the job done quickly, while a large-capacity cylinder provides room for bulky items.

Power

Our high spin speed up to 440 G-Force removes more water from clothes, speeding up drying cycles and lowering dryer energy usage.

Smart

Improved suspension with new out-of-balance logic manages and redistributes unbalanced loads for uninterrupted wash cycles.

Flexibility

A pump drain allows our front load washers to be installed adjacent to, or replace, top load washers with no special plumbing. (A gravity drain option is also available.)

Electronic Control

The Electronic Control keeps users informed throughout the wash process with cycle-status lights and a digital cycle countdown. Users also have the flexibility to control temperature, load type and soil levels, as well as options for prewash and/or additional rinse to achieve high levels of efficiency.

On-Premises 30-lb Tumble Dryer

Our single-pocket tumble dryers* feature concentrated airflow and sealed cylinder rims to ensure energy savings. This superior drying performance helps laundries maximize throughput to meet the daily workload every time. Our tumble dryers are designed with fewer moving parts, so you'll face less maintenance and wear and tear.

Efficient

High-performance heater box increases energy efficiency and reduces drying times to help on-premises laundries increase throughput, while decreasing operating costs.

Performance

Available in 30 lb, 35 lb, 50 lb, 55 lb, 75 lb, 120 lb, 170 lb and 200 lb capacities, there's a tumble dryer to meet the needs of any on-premises laundry.

Galaxy™

The Galaxy Control offers the flexibility of 30 programmable cycles combined with the accuracy of our moisture-sensing technology saving time and energy increasing the life of your linens, saving time and energy.

Dual Digital

With features including one-touch cycle repeat, automatic extended tumble and a large digital countdown display, it's simple to set your drying time, temperature and cool down with the Dual Digital Control.

* Not all models are available in all markets. In order to highlight key details, machine images do not adhere to a standard scale.

* LP gas available for 50,75 lb capacities only. Field conversion kits available for other capacities.

Tumble dryer models are made to suit a variety of electrical service characteristics. See your Huebsch distributor for specifications. For further details on installation, refer to Installation, Operation and Maintenance instructions supplied with the tumble dryer. Amperage ratings available in Installation Manual.

For the most accurate information, the installation guide should be used for all design and construction purposes. Due to continuous product improvements, design and specifications subject to change without notice. The quality management systems at Alliance Laundry Systems are registered to ISO 9001.

On-Premises 35-lb Tumble Dryer

Our single-pocket tumble dryers* feature concentrated airflow and sealed cylinder rims to ensure energy savings. This superior drying performance helps laundries maximize throughput to meet the daily workload every time. Our tumble dryers are designed with fewer moving parts, so you'll face less maintenance and wear and tear.

Efficient

High-performance heater box increases energy efficiency and reduces drying times to help on-premises laundries increase throughput, while decreasing operating costs.

Performance

Available in 30 lb, 35 lb, 50 lb, 55 lb, 75 lb, 120 lb, 170 lb and 200 lb capacities, there's a tumble dryer to meet the needs of any on-premises laundry.

Galaxy™

The Galaxy Control offers the flexibility of 30 programmable cycles combined with the accuracy of our moisture-sensing technology saving time and energy increasing the life of your linens, saving time and energy.

Dual Digital

With features including one-touch cycle repeat, automatic extended tumble and a large digital countdown display, it's simple to set your drying time, temperature and cool down with the Dual Digital Control.

* Not all models are available in all markets. In order to highlight key details, machine images do not adhere to a standard scale.

On-Premises 55-lb Tumble Dryer

Our single-pocket tumble dryers* feature concentrated airflow and sealed cylinder rims to ensure energy savings. This superior drying performance helps laundries maximize throughput to meet the daily workload every time. Our tumble dryers are designed with fewer moving parts, so you'll face less maintenance and wear and tear.

Efficient

High-performance heater box increases energy efficiency and reduces drying times to help on-premises laundries increase throughput, while decreasing operating costs.

Spacesaver

The 55 lb (24.9 kg) capacity model fits through a 36 in (914 mm) door opening and is 10 in (251 mm) shorter than our 50 lb (22.7 kg) unit, making it an option for laundries with limited space.

Performance

Available in 30 lb, 35 lb, 50 lb, 55 lb, 75 lb, 120 lb, 170 lb and 200 lb capacities, there's a tumble dryer to meet the needs of any on-premises laundry.

On-Premises 200-lb Tumble Dryer

Our single-pocket tumble dryers* feature concentrated airflow and sealed cylinder rims to ensure energy savings. This superior drying performance helps laundries maximize throughput to meet the daily workload every time. Our tumble dryers are designed with fewer moving parts, so you'll face less maintenance and wear and tear.

Efficient

High-performance heater box increases energy efficiency and reduces drying times to help on-premises laundries increase throughput, while decreasing operating costs.

Performance

Available in 30 lb, 35 lb, 50 lb, 55 lb, 75 lb, 120 lb, 170 lb and 200 lb capacities, there's a tumble dryer to meet the needs of any on-premises laundry.

Galaxy™

The Galaxy Control offers the flexibility of 30 programmable cycles combined with the accuracy of our moisture-sensing technology saving time and energy increasing the life of your linens, saving time and energy.

* Not all models are available in all markets. In order to highlight key details, machine images do not adhere to a standard scale.

On-Premises 30-lb Stack Tumble Dryer

Our line of stack tumble dryers* provides double the capacity of Huebsch single-pocket tumble dryers, while using only half the floor space. Plus, you'll still only need one set of gas, electric and exhaust hookups, simplifying installation.

Efficient

A high-performance heater box and axial airflow pattern with sealed cylinder rims delivers the fastest, most efficient drying results in the industry. This efficiency reduces drying times and helps on-premises laundries increase throughput, while decreasing operating costs.

Easy to Operate

Fewer moving parts mean fewer maintenance problems and less wear, while large lint compartments are easy to keep clean, saving additional operator time.

Performance

Available in 30 lb per pocket and 45 lb per pocket capacities, there's a stack tumble dryer to meet the needs of any on-premises laundry.

Galaxy™

The Galaxy Control offers the flexibility of 30 programmable cycles combined with the accuracy of our moisture-sensing technology saving time and energy increasing the life of your linens, saving time and energy.

Dual Digital

With features including one-touch repeat, automatic extended tumble and a large digital countdown display, it's simple to set your drying time, temperature and cool down with the Dual Digital Control.

* Not all models are available in all markets. In order to highlight key details, machine images do not adhere to a standard scale.

On-Premises **Front Control** Dryer

With a large load capacity in a compact frame, each one of our single dryers is all business, all the time. This Huebsch dryer features an easy-to-clean lint compartment and the industry's largest door opening (2.06 sq ft, 1,913.8 sq cm) for faster loading and unloading. Huebsch single dryers are designed to suit your needs.

Quality

Durable, galvanized-steel cylinder with an extra-large 7 cu ft (198L) of volume handles your biggest loads.

Efficient

Efficient dryer heating with 20,000 Btu (5,043 kCal) (gas models) and up to 5,200 W (electric models), helps keep costs down and productivity up.

Icon keypad

Electronic Control

The Electronic Control keeps users informed throughout the drying process with cycle-status lights and a digital cycle countdown. Users also have the flexibility to control temperature and dryness levels to achieve high levels of efficiency. Automatic (moisture-sensing) cycles come standard to prevent over-drying of your linens.

On-Premises **Front Control** **Stack Washer/Dryer**

Get the complete package in a single unit, combining our efficient dryers with the powerful performance of our industry-leading front load washers. Our line of stack washer/dryers are designed as vertical combinations that provide all of the power of Huebsch washers and dryers, while occupying only half of the floor space of a conventional washer and dryer setup. Plus, these stacked units allow you to use the same connections and hookups required as a standard washer and dryer, so you won't have to make changes to your installation.

Power

Our high spin speed up to 440 G-Force removes more water from clothes, speeding up drying cycles and lowering dryer energy usage.

Smart

Improved suspension with new out-of-balance logic manages and redistributes unbalanced loads for uninterrupted wash cycles.

Efficient

Water use is trimmed to 11.7 gal (44.3L) per cycle to reduce operating costs.

On-Premises 20-lb Softmount Washer-Extractor

Maximized throughput, minimized costs. That's what busy on-premises laundries demand. Huebsch® softmount washer-extractors deliver those results, while producing exceptional finished wash quality. In addition, their durability ensures the machines will be consistent laundry performers for years to come.

Strength

A heavy-duty suspension system absorbs vibrations without the need for special foundations. Reinforced stainless steel side panels and oversized door and hinges contribute to durability and a long life for the machine.

Power

High G-Force extraction speeds of between 350 and 400 G-Force deliver exceptional power to remove more water from loads and reduce drying time – combining for increased throughput.

Performance

Available in a variety of capacities, including 20 lb, 25 lb, 30 lb, 40 lb, 55 lb, 70 lb, 90 lb and 125 lb Huebsch has a softmount washer-extractor model to meet the needs of any on-premises laundry.

HC200

The HC200 Control provides up to 99 cycle programs. Versatile and easy to use, the advanced computer control meets a variety of specialized needs. With more than 20 languages available, our HC200 is intuitive for bilingual operators. Users can easily follow the status of every phase of the wash cycle and modify data and parameters at any time to monitor for maximum efficiency.

* Circuit breaker and amp draw data shown are for models without electric heat. Consult factory for other configurations. Manufacturing strongly recommends using a circuit breaker instead of fuses.

For the most accurate information, the installation guide should be used for all design and construction purposes. Due to continuous product improvements, design and specifications subject to change without notice. The quality management system of Alliance Laundry Systems has been registered to ISO 9001.

On-Premises 20-lb Hardmount Washer-Extractor

Maximized throughput, minimized costs. That's what busy on-premises laundries demand. Huebsch® hardmount washer-extractors deliver those results, while producing exceptional finished wash quality. In addition, their durability ensures the machines will be consistent laundry performers for years to come.

Strength

Our computer-optimized, heavy-duty frame is lighter, lasts longer, balances loads more efficiently, and reduces sound and vibration levels. Huebsch washer-extractors also boast two triple-lip seals and an excluder-face seal for seven layers of bearing protection.

Performance

Available in a variety of capacities, including 20 lb, 30 lb, 40 lb, 60 lb, 80 lb and 100 lb capacities, Huebsch cabinet hardmount washer-extractors also offer a variety of control options to match your operation's unique requirements.

Power

Proprietary inverter-drive technology provides smooth, reliable power, saving you 33% on electricity while maximizing cleaning power. Our inverter also exerts 200 G-Force extraction to remove more moisture from loads and reduce drying time.

Galaxy™ with eBoost™

Customize your washing power with the ability to choose between three water levels while eliminating wasted water with advanced leak detection. PC programming, audit data retrieval and advanced diagnostics save time, while 200 G-Force extraction speeds reduce drying time and utility consumption.

On-Premises I10 Heated Roll Ironer

When only the highest quality results will do, our heated-cylinder finishers deliver. They are equipped with a frequency-controlled motor, suspended roll and Nomex® ironing belts to deliver top-of-the-industry results.

Quality

Huebsch Heated Roll Ironers are offered in finished widths of 55 (1400 mm), 66 (1664 mm), 79 (2000 mm), 82 (2080 mm), 102 (2600 mm) and 126 (3200 mm) inches meaning there's a size to fit the needs of any size laundry.

Efficient

Thick, polished-steel cylinders maintain even heat and help make the finishers highly efficient. A totally enclosed cabinet also contributes to its energy efficiency.

Microprocessor Control

Huebsch's versatile Microprocessor Control enables you to store temperature and speed settings to ensure consistent, top-quality results. Temperatures can be set up to 355°F and the unit offers multiple speed settings.

On-Premises I10 Heated Roll Ironer Specifications

SPECIFICATIONS

MODEL		I10-55
AVAILABLE CONTROL		Microprocessor
ROLL DIAMETER - in (mm)		10 (254)
FINISHING WIDTH - in (mm)		55 (1400)
IRONING SPEED - ft/m (m/m)		7-13 (2-4)
IRONER DIMENSIONS (working position) - in (mm)	Width	70 7/8 (1800)
	Depth	16 1/2 (420)
	Height	39 5/8 (1005)
ROLL MOTOR - HP (kw)		0.29 (0.215)
ROLL EXHAUST DUCT - in (mm)		2.17 (55)
E Heat Input Power - HP (kW)		11.3 (8.4)
ELECTRIC HEATING	Electric Requirements - Circuit Breaker	230/60/3 - 25
SHIPPING DIMENSIONS APPROX. - in (mm)	Width	45 1/4 (1150)

On-Premises Firemen's PPE Drying Cabinet

Huebsch Firemen's PPE Drying Cabinets are engineered to comply with all NFPA 1851 regulations. Efficient drying processes help minimize utility and operating costs and cut drying times down to one-and-a-half to three hours — meaning gear will be ready for action whenever the alarm sounds.

Extra-Large Capacity

The spacious unit allows drying of six full sets of PPE gear (fire jacket, pants, and liners) and up to 15 boots or gloves at once. Optional racks are available for drying additional items such as hoses.

Quality

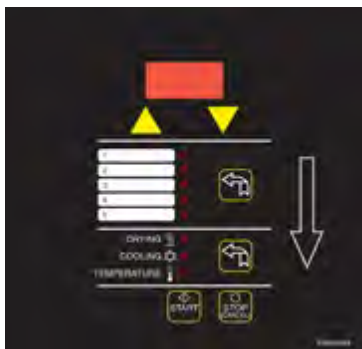

Durable construction delivers long-lasting, premium drying performance that stands up to the rough demands of your profession.

Efficient

An advanced airflow process sends heated air around and inside turnout gear for thorough, efficient drying.

Microprocessor Control

Huebsch's versatile Microprocessor Control enables you to store temperature and speed settings to ensure consistent, top-quality results.
